BANANA NOAH

Christian cinema rose up in the year 2014.

Son of God is basically a reedited version of History's miniseries *The Bible*, focusing entirely on, well, you-know-who. (Stick with the TV version if your favorite character is Black Satan.)

In *God's not Dead*, the main antagonists are an atheist college professor who bullies his pious students, an agnostic who jilts his girlfriend when he learns she has cancer, and a Muslim who disowns his daughter for being keen on Jesus.

Evenhandedness has no place in Christian propaganda.
